Discover the ultimate waterfront living experience at 9380 Creekside Drive. This exceptional home offers an expansive great room that integrates the kitchen, living, and dining areas capturing the breathtaking views of Cowichan Lake. The primary bedroom is complete with french doors leading to the covered deck and the spa-like ensuite includes heated floors, a separate tub & shower. Two additional bedrooms on the main floor offer their own bathrooms, and main floor laundry. The lower level of the home adds even more space with three additional bedrooms and a convenient half bath. The home is equipped with a wood stove, two heat pumps & a double attached garage with storage and a full-height lower level, which includes a 3pc bathroom & room for development. Outside, the property features a landscaped, flat & useable yard with a hot tub overlooking the lake, complete with a shed and walkway to the dock. Enjoy the pebble beach & a deep spot within the dock ideal for mooring your boat.
