Walk to the Lake! Tucked just off the beaten path in charming Honeymoon Bay, this hidden gem offers the perfect blend of privacy, natural beauty, and small-town charm. Set on nearly 1.8 acres of fully fenced & usable land, this lovingly maintained property is bordered by mature trees. Built in the early 1990s, the home offers over 1,400 sqft of comfortable living space, including 3 bedrooms, 2 full bathrooms, and a cozy layout ideal for families or retirees seeking a peaceful lifestyle. Recent updates include a new roof (2023), fresh interior paint, updated water system & pump with backup generator capabilities, & septic upgrades. The heart of the home features a wood-burning stove. Downstairs, you'll find a large, nearly full-height basement, ideal for storage or workshop. Outdoors, enjoy fruit trees, a creek, a chicken coop, and established garden beds ready for your green thumb. The generous 3-car garage provides ample room for vehicles, toys & tools.
